Name : .....

MAHATMA GANDHI UNIVERSITY, KOTTAYAM

MGU-UGP (Honours)/ MGU-BBA (Honours)/ MGU-BCA (Honours) REGULAR EXAMINATION October 2026

Fifth SEMESTER

Discipline Specific Elective (DSE) - MG5DSEZGY301, MG5DSEZIM301 - WILDLIFE MANAGEMENT

(2024 ADMISSION ONWARDS)

Duration: 2 hours **Maximum Marks: 70**

Remember(K), Understand(U), Apply(A), Analyse(An), Evaluate(E), Create(C), Skill(S), Interest(I) and Appreciation(Ap)

Students should attempt at least one question from each course outcome to enhance their overall outcome attainability.

Part A

MCQ

Answer all questions

Each question carries **1** marks

1. Which stage is the first stage of forest succession? [K] / [CO1]

   a). Shrub stage b). Pioneer stage

   c). Climax stage d). Young forest stage

2. Management of protected areas focuses on [K] / [CO3]

   a). Conservation of biodiversity b). To increase tourism

   c). Convert protected areas into industrial zones d). To increase poaching

3. Silent Valley National Park is known for [K] / [CO3]

   a). Mangrove forests b). Tropical evergreen forests

   c). Grasslands d). Estuarine ecosystems

4. Active Remote Sensing [U] / [CO4]

a). Depends on sunlight only

b). Uses its own source of energy

c). Cannot work in cloudy conditions

d). Uses only natural energy

5. How can GIS be applied in wildlife conservation? [U] / [CO4]

a). Monitoring animal blood pressure

b). Determining the age of animals directly

c). Recording animal sounds

d). Mapping species distribution

6. Diversity indices are quantitative measures used to assess [U] / [CO1]

a). Forest volume

b). Biodiversity in a community

c). Tree height

d). Soil fertility

7. Which of the following represents the biodiversity value of wildlife? [U] / [CO2]

a). Enhancement of genetic diversity and species richness

b). Reduction of species interactions

c). Elimination of natural selection

d). Reduction of ecosystem resilience

8. Chilika Lake is described as [U] / [CO3]

a). The largest freshwater lake in India

b). The largest brackish water lagoon

c). The smallest wetland in India

d). A mountain lake

9. Artificial intelligence and machine learning in remote sensing can: [U] / [CO4]

a). Automate data analysis and improve accuracy

b). Prevent data processing

c). Increase manual interpretation

d). Eliminate the need for sensors

10. The striped coat of a tiger primarily provides [U] / [CO2]

a). Camouflage

b). Thermoregulation only

c). Communication only

d). Warning coloration

[1x10 = 10]

Part B

Short Answer Questions

Answer any **10** questions

Each question carries **3** marks

11.	Comment on the external adaptations of the Asian elephant for its terrestrial mode of life.	[U] / [CO2]
12.	What is the role of producers in a forest ecosystem?	[U] / [CO1]
13.	Explain the structure of a Biosphere Reserve.	[U] / [CO3]
14.	What is one major advantage of aerial remote sensing?	[K] / [CO4]
15.	Briefly distinguish between a National Park and a Wildlife Sanctuary.	[U] / [CO3]
16.	What is genetic-level biodiversity?	[K] / [CO1]
17.	Differentiate between Flagship Species and Umbrella species with example	[U] / [CO1]
18.	Differentiate between a zoo and a safari park (any three points).	[K] / [CO3]
19.	What is CITES, and when was it established?	[K] / [CO4]
20.	When was the Crocodile Conservation Initiative launched, and what was its primary goal?	[U] / [CO4]
21.	What is habitat fragmentation?	[K] / [CO1]
22.	How human behaviour increases Bonnet macaque conflict?	[U] / [CO2]

[3x10 = 30]

Part C

Short Essay Questions

Answer any **6** questions

Each question carries **5** marks

23.	Describe the biology, ecology and behaviour of the Bonnet Macaque.	[U] / [CO2]
24.	Discuss the role of sensors, data processing and interpretation in the different stages of remote sensing.	[U] / [CO4]
25.	Describe the historical development of remote sensing	[U] / [CO4]
26.	Explain Mediterranean forests.	[U] / [CO1]

27. Write a note on fencing as a mechanical barrier [U] / [CO2]

28. What is the Red Data Book, and how does it differ from the IUCN Red List? [U] / [CO4]

29. Comment on Interaction among Wildlife threats. [U] / [CO3]

30. Discuss the causes, impacts and management strategies of Human - Leopard conflicts [U] / [CO2]

[5x6 = 30]
