MAHATMA GANDHI UNIVERSITY, KOTTAYAM

MGU-UGP (HONOURS)

THIRD SEMESTER EXAMINATION, OCTOBER 2025

(2024 ADMISSION ONWARDS)

MG3VACMBG201 – Sensory Evaluation of Foods

Duration: 1.5 Hrs Maximum Marks: 50

Remember(K), Understand(U), Apply(A), Analyse(An), Evaluate(E), Create(C), Skill(S), Interest(I) and Appreciation(Ap)

Students should attempt at least one question from each course outcome to enhance their overall outcome attainability.

Part A

Multiple Choice Questions

Answer all questions

Each question carries **1** mark

1. Which of the following is NOT an appearance factor? [1] [U]
   a) Colour b) Aroma c) Wholeness d) Shape
2. Name the qualities of food that we can sense using our sense organs. [1] [U]
   a) Nutritional factors b) Chemical factors
   c) Energy factors d) Organoleptic factors
3. The number of members ideally present in a semi-trained panel is_____ [2][U]
   a) 5 to 10 b) 90 to 100 c) 25 to 30 d) 50 to 60
4. Which of the following is a key component of panel training? [2] [U]
   a) Performing chemical analysis of samples
   b) Learning to cook the samples being evaluated
   c) Educating panellists in sensory vocabulary and response expression
   d) Understanding food marketing trends
5. What type of lighting is recommended for accurate visual evaluation of food samples? [2] [U]
   a) Yellow lighting
   b) Blue LED lighting
   c) White fluorescent light
   d) Bright red lighting only
6. Why is good ventilation essential in a sensory evaluation room? [2][U]

a) To avoid the buildup of food odours that can affect judgment

b)To prevent panellists from getting tired

c) To circulate the smell of the sample quickly

d)To cool the room quickly

7. What is the primary purpose of the reception and briefing room in a sensory evaluation facility? [2] [U]

   a) For sample preparation and storage

   b) As a break room for staff

   c) To entertain the panellists after the test

   d) To welcome and orient panel members before testing

8. Threshold tests are used to determine [3] [U]

   a) Preference level b) Minimum detectable concentration

   c) Emotional response d) Product shelf-life

9. Select the test that measures consumer liking from the following.[4] [A]

   a) Threshold test b) Texture profile analysis

   c) Hedonic scale, d) Scalar difference test

10. Choose the professional who evaluates coffee aroma and taste systematically. [5] [A]

    a) Seller b) Barista c) Coffee cupper d) Brewer

(1×10=10)

Part B

Fill-in-the-blank questions

Answer all questions

Each question carries **1** mark

11. A _____ panel consists of ordinary consumers. [2] [U]

12. _____ scaling involves assigning a product to one of several predefined categories. [3] [A]

13. _____ refers to how food feels in the mouth. [1] [U]

14. The _____ test is used to screen whether panelists can identify minor differences in samples. [5] [U]

15. A _____ is an expert in evaluating wine. [4] [A]

(1×5=5)

Part C

True or false questions

Answer all questions

Each question carries **1** mark

16. Sensory evaluation is important for consumer acceptance and product development. [1] [U]
17. Panel booths are used to distract the panellists. [2] [U]
18. Affective tests measure consumer preferences. [3] [A]
19. Baristas are wine experts trained in aroma evaluation.[4] [A]
20. Descriptive tests focus on identifying whether differences exist between samples.[5] [A]

(1×5=5)

Part D

One-word answers to questions

Answer all questions

Each question carries **1** mark

21. Name two appearance factors of food. [1] [U]
22. What is the role of a communicative panel? [2] [U]
23. What is the triangle test? [3] [U]
24. Explain the role of a tea somelier. [4] [U]
25. Choose the sensory test used to indicate the liking or disliking of food. [5] [A]

(1×5=5)

Part E

Short answer questions

Answer any **5** questions
Each question carries **2** marks

26. Give one example of textural change in food. [1] [U]
27. Discuss the appearance factors in food [1] [U]
28. List out the basic steps in performing sensory analysis. [2] [U]
29. Why is good ventilation necessary in a sensory lab? [2] [U]
30. Prepare the score card of Paired comparison test.t [2] [U]
31. Indicate the key elements in the scorecard of the Paired performance test. [3] [A]
32. Explain the role of a wine taster [4] [A]
33. Explain the significance of flavour profile analysis with a suitable [5] [A]

(2×5=10)

Part F

Long answer questions
Answer any **3** questions
Each question carries **5** marks

34. Discuss the flavour factors in food. [1] [U]
35. Describe the different types of sensory panels and the criteria for selecting panel members. [2] [U]
36. Compare the triangle test and the duo-trio test. [5] [A]
37. Prepare the scorecard of the Hedonic test (Verbal). [3] [A]
38. Discuss the applications of sensory analysis. [3] [U]

(5×3=15)
