MAHATMA GANDHI UNIVERSITY, KOTTAYAM
MGU-UGP (HONOURS)
FOURTH SEMESTER
Discipline Specific Elective Course (DSE)
MG4DSEBCA200- Data Visualization
(2024 ADMISSION ONWARDS)

Duration : 1 Hour **Maximum Marks : 35**

Remember (K), Understand (U), Apply (A), Analyse (An), Evaluate (E), Create (C), Skill (S), Interest (I) and Appreciation (Ap)

Students should attempt at least one question from each course outcome to enhance their overall outcome attainability.

PART A
Very Short Answer Questions
Answer any **Five** questions
Each question carries **Three** marks

1. Define data visualization and state its importance in decision making. [A][1]
2. List the different types of data used in data visualization with one example each. [K][1]
3. Explain any three stages in the data visualization process. [U][1]
4. Identify and briefly explain any two challenges of data visualization. [An][1]
5. List any three popular data visualization tools and mention one use case for each.[K][2]
6. Explain the role of narrative in data storytelling. [U][2]
7. Explain the importance of color usage in visualizations. [U][2]

PART B
Short Answer Questions
Answer any **Four** questions
Each question carries **Five** marks

8. Analyze the role of data visualization in effective decision making using suitable examples. [U][1]
9. Explain the complete data visualization process from data collection to interpretation. [An][1]
10. Analyze the major challenges and limitations of data visualization and suggest possible solutions. [An][1]
11. Compare and contrast Excel, Tableau, and Power BI as data visualization tools with respect to features and use cases. [An][2]
12. Explain the principles of good visualization design and their significance in dashboard creation. [K][2]
13. Analyze how effective dashboard layout and interactivity enhance data storytelling. [An][2]
