MAHATMA GANDHI UNIVERSITY

BCA (HONOURS) FOURTH SEMESTER EXAMINATION
(2024 ADMISSION ONWARDS)
MG4SECBCA200 - Object Oriented Programming using Java
Model Question Paper

Max. Marks: 50 **Time 1.5 Hours**

Part A: Very Short Answer Questions (Answer all) - (5*3=15 Marks)

1	Write a class Student and create an object of it using Java.	[U][CO 1]
2	Describe decision making and branching in Java?	[U][CO 1]
3	What is the difference between one-dimensional and two-dimensional arrays in Java?	[An][CO 2]
4	Differentiate between primitive data types and wrapper classes.	[U][CO 2]
5	What is a user-defined package? How is it created?	[R][CO 3]

Part B: Short Answer Questions (4 out of 5 Questions) - (4*5=20 Marks)

6	Explain constructor overloading using a suitable example.	[An][CO 1]
7	Write a Java program to demonstrate the use of command line arguments.	[An][CO 1]
8	Write any two methods of the String class with their uses.	[U][CO 2]
9	Compare single inheritance and multilevel inheritance in Java. Analyze their impact on program design.	[An][CO 2]
10	Examine the advantages and limitations of using multiple catch statements instead of a single generic catch block.	[An][CO 3]

Part C: Essay Questions (1 out of 2 Questions) - (1*15=15 Marks)

11	Analyze and compare the roles of interfaces and abstract classes in achieving abstraction and runtime polymorphism in Java.	[An][CO 2]
12	Analyze the differences between creating a thread by extending the Thread class and implementing the Runnable interface. Justify when each approach is preferred.	[An][CO 3]
