MAHATMA GANDHI UNIVERSITY, KOTTAYAM
MGU-UGP (HONOURS) FIFTH SEMESTER EXAMINATION OCTOBER 2026
(2024 ADMISSION ONWARDS)
MG5DSCFIM300-GYM INSTRUCTOR ESSENTIALS

Duration 1 houe 30 minutes Maximum Marks: 50

Students should attempt at least one question from each course outcome to enhance their overall outcome attainability.

Part A
Multiple Choice Questions
Answer **All** Questions
Each question carries 1 mark

1. Which of the following is a health-related component of physical fitness?
a) Agility b) Flexibility c) Reaction time d) Coordination
[CO1 | Remembering]

2. The ability of a muscle to exert maximum force against resistance is called:
a) Speed b) Strength c) Agility d) Balance
[CO1 | Remembering]

3. The gradual increase in training stress to produce further adaptation is known as:
a) Recovery b) Overload c) Relaxation d) Repetition
[CO1 | Understanding]

4. Which of the following is a macronutrient?
a) Vitamin C b) Calcium c) Protein d) Iron
[CO2 | Remembering]

5. The primary purpose of health screening before exercise is to:
a) Increase body weight b) Identify potential health risks
c) Improve flexibility immediately d) Increase training volume
[CO2 |Understanding]

6. Which of the following is most appropriate as an immediate first-aid response to a minor sprain?
a) Continue exercising b) Apply appropriate first aid and rest the injured area
c) Increase resistance training d) Perform maximal stretching
[CO1 |Applying]

7. Which factor is most directly associated with recovery from training?
a) Adequate rest b) Excessive overload c) Reduced sleep d) Dehydration
[CO1 | Understanding]

8. Which of the following is a skill-related fitness component?
a) Body composition b) Cardiovascular endurance c) Agility d) Flexibility
[CO1 | Remembering]

9. A training programme should primarily be planned according to:
a) Random exercise selection b) Individual goals and fitness level

c) The programme of another athlete d) Maximum possible training load
[CO2 | Applying]
